An Appreciation

On Thursday night, Sept. 16, 1920, about 200 people, representing the full memberships of the Presbyterian and Christian churches of New Point, met at the Presbyterian manse to pay their tribute of honor to a man and his wife to whom the entire community has long been indebted—Dr. and Mrs. T. D. Roberts.

We speak of this, because at the expiration of their term, Dr. and Mrs. Roberts closed their work among us.

—Nuzum's Ferry Boat is now making regular trips across Missouri River at White Cloud, Kans.

We shall have them with us from time to time, but not again will New Point be their home. Such pressure as might honestly and fairly be brought to bear has been used to keep them with us for a longer period, but to no avail. Various reasons have arisen to summon them to Oregon, and there they go. Dr. and Mrs. Roberts will miss our church, but not so much, we think as our church will miss them.

For more than twenty years in all, Dr. Roberts has been an inspiration and benediction to the entire community, but especially to the people of the New Point Presbyterian church, and his name, power and personality can never be separated from this church in the minds of any who have been fortunate enough to listen to his teachings. This position is his, unique. Others have given of their years, and

their minds and of their hearts to this church. Others will not be forgotten. But in years of service, in unselfish giving of self, in the creation of a new vision, of new horizons, in lessons which went deep into the meaning of life, we first honor Dr. Roberts.

Not only as a man and interpreter of Biblical literature do we honor him, but for the sanity of his teaching. Such sanity, in an age of spiritualism and various other isms, is rare. He has seen numerous theories and "new ideas" in religion come and go, but through all he has steadfastly kept the faith.

As other churches have loved Dr. Roberts, we love him, too, perhaps now with a keener realization of his worth on the eve of his departure. We love him also, because we believe that these words, spoken of another, may be literally appropriated to him:

"A man of noble powers,
Nobly used,
In whom memory and judgment,
Vigor and gentleness,
Gravity and wit,
Each singly excellent,
Are all happily combined
And ever devoted
With equal promptitude and perseverance
To the labors of Christian godliness
And the deeds of human kindness."
And so, in parting, we write him down as one who loves his fellow-man, and who is beloved by all who know him, and as such we bid him and his dear companion "God-speed."

County School Notes

Since the beginning of school, the superintendent has been on the road continually with the result that the following schools have been visited:

Forest City, Blair, Mound City, Summit, Craig, Richville, Marion, New Point, Triumph, Maitland, Walnut Grove, Idlewild, Fortescue, Walker, Glendale, Cottonwood, Bigelow, Union, Lincoln, Shiloh, Crocen, Gordon, Franklin, Rising Sun, Center, Ross Grove, Squaw Creek. The last visit on Friday afternoon, Sept. 17, was intended for the high school of Consolidated District, No. 1, but when the superintendent reached that school she was disappointed to find that the pupils had been dismissed for the day.

The enrollment for the first two weeks in the high schools so far visited is as follows: Forest City, 49; Maitland, 57; Fortescue, 24; Bigelow, 37; Mound City, 129; Craig, 60; New Point, 41; Oregon, 72.

We hope by next week to have the enrollment of the other two high schools—Corning and Consolidated District No. 1.

The enrollment in the elementary schools belonging to the above high schools is as follows: Forest City, 159; Craig, 134; Bigelow, 70; Cottonwood, 21; Oregon, 209; Oregon colored, 6; Mound City, 337; Maitland, 143; New Point, 84; Divide, 12; Fortescue, 81; Walnut Grove, 27; Idlewild, 20; Walker, 32.

The enrollment in the rural schools which have been visited is: Blair, 30; Summit, 23; Richville, 38; Marion, 31; Triumph, 35; Glendale, 18; Union, 15; Squaw Creek, 29; Lincoln, 36; Shiloh, 26; Crocen, 8; Gordon, 11; Franklin, 14; Center, 26; Ross Grove, 22; Rising Sun, 20.

This makes an enrollment of 1,449 in the rural schools of the small districts, and 737 in the elementary grades of the town and consolidated districts, so far visited.

Improvements have been made in a number of the schools. The walls and ceiling of the Rising Sun school-room have been neatly papered, which adds much to the general appearance. In the Center school, the children are already wishing for cold weather, so as to try out their nice new furnace. At New Point a ladies' band has been organized. Success to you, girls!

Spelling: dividend, divisor, quotient, remainder, addends, sum, multiplier, multiplicand, product, minuend, subtrahend, difference, sieve, symbol, synopsis, syringe, stencil, soldier, skeleton, sincere, sign, souvenir, strychnine, suite, fractions.
